

ROBOT PARTS SUPPLIERS:

<http://www.robotpower.com>
<http://www.robotmarketplace.com> (not recommended; extremely slow in shipping parts)
<http://banebots.com>
<http://www.castlecreations.com/index.html>
<http://www.education.rec.ri.cmu.edu/>

MISC PART SUPPLIERS:

<https://sdp-si.com>
<https://www.onlinemetals.com/>
<http://www.servocity.com>
<http://www1.mscdirect.com>
<http://www.pittsburgh-alloys.com>
<http://www.balltransfer.com>
<http://www.thebluebook.com>

TEAM WEBSITES:

<http://www.buildersdb.com/>
- The Best Site to Search for ideas for new designs and competitions
<http://www.teamrollingthunder.com>
- World Champion Builders
<http://www.pennbots.org/pennbots>
- Pennsylvania Robot Club
<http://www.ohiorobotclub.com>
- Ohio Robot Club
<http://www.teamcosmos.com/>
- Colorado
<http://www.madoverlord.com/>
- World Champion 7 Pounder
<http://www.tcmechwars.com/>
- Minnesota
<http://www.circ.mtco.com/>
- Illinois
<http://www.combots.net/>
- California
<http://www.dwrobots.com/>
- Jeremy Cambell (Bloomsburg Graduate/ PA Bot Blast Organizer)
<http://www.trossenrobotics.com>
- More of a supplier than a builder but has great info (Used to build Battlebots)
<http://architeuthis-dux.org/tcr-home.asp>
- Great tips from this builder (No longer building but still within the ring)
<http://www.evilrobotics.net/>
<http://www.puppetmaster-robotics.com/>
- No longer competing but some great info on building battle bots
<http://www.coolrobots.com/>
<http://members.toast.net/joerger/index.html>

OTHER COMPETITIONS:

<http://botrank.com/>
- The Official Battling Robot Ranking Site
<http://www.nerc.us/>
- North East Robotics Club
<http://www.battlebots.com>
<http://www.robotbattles.com>
- Traveling Competitions
<http://www.warbotsxtreme.com/>
- Canadian Robot Events
<http://www.robots.net>
<http://www.fightingrobots.co.uk/>

EZINES:

<http://www.botmag.com/index.shtml>
<http://www.robots-dreams.com/>
<http://www.robotbooks.com/>
<http://robotroom.com/>
- Great How-to's on just about everything robotics
<http://www.robotics.org/>
- Anything Robotics
<http://www.roboticstrends.com/>
- Great Newsletter

MISC:

<http://members.toast.net/joerger/futaba.html>
- Tutorial for Spektrum Transmitters
<http://www.rcgroups.com/forums/index.php>
- Great Forum for collaborating about anything Radio Controlled
<http://www.owlnet.rice.edu/~elec201/index.html>
- Great online electronics course with full notes and background
<http://homepages.which.net/~paul.hills/Spinningdisks/Disks.html>
- Great Tutorials for figuring out Spinning Disk Weapons
<http://robotics.nasa.gov/>
- Nasa's website for robotic education
<http://www.thetech.org/robotics/>
- The Museum of Innovation's Robotic Website
<http://www.arrickrobotics.com/>
- Another Great site for anything Robotics
http://ampflow.com/robot_links.htm
- Links to several older sites
